

Dear potential recruit and coaches

I would like to take this time to inform you that you may begin to apply to SFU for the Fall 2007 semester to be eligible for our 2007-2008 season. If you apply between now and February 28, 2007 you are eligible for early admission and also eligible to apply for entrance scholarships.

I would encourage you all to apply as soon as possible and keep working hard in your classes. Remember to double check the requirements (both the admission average plus the courses you have selected in your senior year) to make sure you are eligible for admission. If you need help with this, please contact me with:

<http://students.sfu.ca/adm/index.html>

1. Province/state you are taking your senior year in:
2. Current course load taken or planning on completing this academic year
3. A list of your grade 11 course with final grades
4. Faculty you are planning on applying into

To double check the admission requirements for your senior year, please check out this link:

Admission Requirements

<http://students.sfu.ca/adm/index.html>

Once you have applied and paid your application fee, please contact me with your 9 digit SFU student # and date of birth so that we can track your application to ensure that you have submitted everything on time and in order and so we can track the status of your application.

If you or your parents have any specific questions regarding the application requirements, I would strongly urge you to contact our recruitment liaison Sara Lim in admissions 604 291 4862

Please do not hesitate to contact me if you or your family has any questions regarding the application process, lacrosse program or SFU itself. Also, let me know if you are planning to visit our campus as we can set up a lacrosse specific campus tour for you and your family!

We are looking forward to having you join our 2007-2008 season and playing for Canada's Team atop Burnaby Mountain!

Thanks again

Jeff Cathrea
